Date: 12 October 2026

Mr. Mukesh Dangol,
Director General, CAAN
Civil Aviation Authority of Nepal
Babarmahal, Kathmandu 44600, Nepal

Dear Mr. Mukesh Dangol,

Nomination to the Advanced Master in Air Transport Management

Greetings from the Hong Kong International Aviation Academy (HKIAA). I am pleased to announce that the 10th cohort of our Advanced Master in Air Transport Management programme, jointly offered with Ecole Nationale de l'Aviation Civile (ENAC), will commence in January 2027.

Delivered in collaboration with the renowned ENAC since 2017, this 20-month part-time programme has become the cornerstone for aviation executives to further their careers, gain knowledge, cultivate leadership and grow their professional network in air transport management. Since its first cohort, the programme has attracted over 210 executives and managers from airports, regulatory bodies, airlines and other aviation-related organizations from Hong Kong and Belt-and-Road countries. Over 40% of participants are at the Director or Senior Management level.

Building on the success of previous cohorts, HKIAA in partnership with ENAC is honored to share a sponsorship arrangement aimed at providing tuition fee sponsorship for selected students from Belt-and-Road countries to enrol in the 10th programme cohort. This programme offers flexibility for overseas students to participate in either physical or virtual classes. Therefore, the sponsorship will also cover air tickets between the home country and Hong Kong, as well as accommodation during their stay to attend those modules that require mandatory physical attendance.

We would like to invite you to send a nomination of one suitable candidate from your authority for this sponsorship opportunity. Nomination must be officially submitted by the Director General of the Civil Aviation Authority. Please provide with us the nominee details with his/her name, title, email and phone number on or before **8 November, 2026**. We will then reach out to the candidate to initiate the application process. Please note that the final admission is subject to the selection process and ENAC's approval. Please refer to the attached programme details on admission requirements.

Should you have any questions, please contact me at kenny.ma@hkiaaacademy.com or my colleague Pauline Teng at amatm@hkiaaAcademy.com and pauline.teng@hkiaaacademy.com. We look forward to receiving your nomination soon.

Yours sincerely,

Dr. Kenny Ma
Director, Foundation and Academic Programmes
