Total	**337**	**40**	**32**	**261**	**4**

Updated as of 17:00 hrs, 10 Sep 2026

2. Key Health Sector Response and Coordination:

Following flood in Rasuwa District, disruptions to water, sanitation and hygiene (WASH) conditions have increased the risk of cholera and other waterborne diseases. To mitigate the risk of a potential cholera outbreak, an Oral Cholera Vaccine (OCV) campaign targeting populations at increased risk was launched today from Rasuwa Health Post.

Today, Dr. Hemant Chandra Ojha, Chief, Health Emergency and Disaster Management Unit (HEDMU), inspected and monitored the Humanitarian Staging Area at Tribhuvan International Airport (TIA). During the visit, discussions were held with representatives of the World Food Programme (WFP) and other relevant agencies on the ongoing flood response, priority health supplies required for immediate deployment, and arrangements for their storage, management, and timely mobilization.

Disease Surveillance:

Reporting Platform
Surveillance, Outbreak Response Management and Analysis System **(SORMAS)**

Reported cases in Past 24 | Various holding centers in Rasuwa & Nuwakot Districts

15 ILI Cases Fever with Cough	**1 Acute Gastroenteritis** AGE Symptoms	**1 Fever with Rash**	10 **Fever Cases**

- Preparations have been made to conduct RDT testing at holding centers and community level for the identification and surveillance of potential influenza infections.
- Fever and diarrheal cases are being appropriately managed by the respective local governments.

Note: Public health measures have been implemented, with further investigation and monitoring ongoing.

3. Mental Health and Psychosocial Support (MHPSS):

9900 Total people Reached (PFA to 7314 MHPSS Services)	**141** Mental Health Team Mobilized (1 psychiatrist, 1 Clin-Psychologist, 139 counselors, PFA volunteers)	**115** Call Attended through helplines (24/7) regarding Mental Health

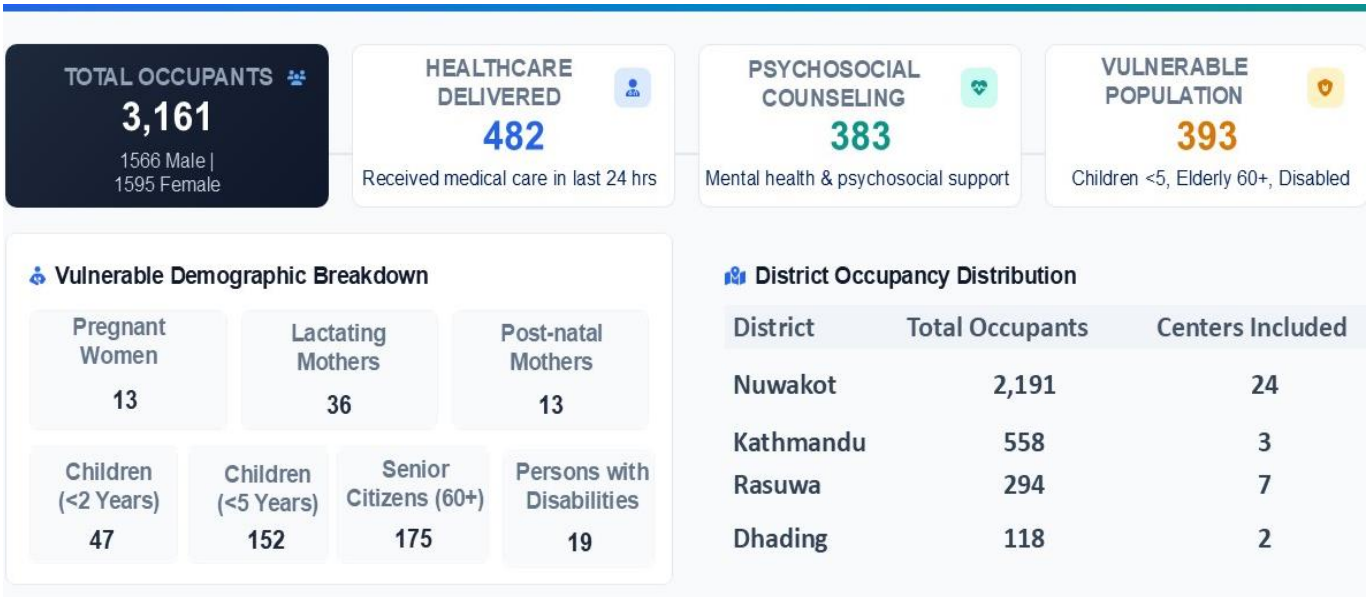

- MHPSS/PFA services continue across holding centres, hospitals, and affected communities in Nuwakot, Rasuwa, Kathmandu, and Dhading.
- Multi-stakeholder coordination is ongoing to strengthen NCD-related services and develop the upcoming action plan.
- Group counselling and therapeutic psychosocial activities are ongoing for children, adolescents, and affected families.
- Mental health IEC materials are being distributed, and referral mechanisms for specialized services are being strengthened.
- Specialized teams are conducting mental health needs identification and assessment and providing appropriate support.
- Services, monitoring, and coordination continue through the mental health helpline and online reporting system.
