**155**
Mental Health Team Mobilized (2 psychiatrist, 2 Clin-Psychologist, 151 counselors, PFA volunteers)

**92**
Call Attended through helplines (24/7) regarding Mental Health

- MHPSS and PFA services are continuing in Nuwakot, Rasuwa, Kathmandu, Dhading holding centers, hospitals, and affected communities.
- Group counselling and therapeutic psychosocial activities are being conducted targeting children, adolescents, and affected families.
- Distribution of mental health-related IEC materials and strengthening of referral systems for specialized services are ongoing.
- A specialized team, including psychiatrists and clinical psychologists, is identifying and assessing mental health needs and providing necessary support.
- Tele-psychiatry and online counselling services are being provided to flood-affected individuals.
- Mental health helplines and online reporting systems are being used to ensure continuity of services, monitoring, and coordination.

Special psychosocial care and support were provided to rescued senior citizens at care centers.

## 4. Vaccination and Vaccine-Preventable Disease (VPD) Surveillance Update (Flood Response):

- The National Immunization Advisory Committee (NIAC) meeting held on 15 Bhadra 2083 recommended conducting Oral Cholera Vaccine (OCV) and Measles-Rubella (MR) vaccination campaigns in flood-affected districts.
- In line with the recommendation, planning and preparations are underway for the first phase of the vaccination campaign at the ward level in Rasuwa and Nuwakot districts.
- To support coordination and preparedness for the flood response, the Family Welfare Division (FWD) organized a virtual meeting with provincial and district-level stakeholders on 19 Bhadra 2083.
- To support flood response, immunization activities, and vaccine-preventable disease (VPD) surveillance, a team from Family Welfare Division and World Health Organization (WHO) were deployed to Rasuwa and Nuwakot districts on 20 Bhadra 2083.
- In preparation for the upcoming OCV campaign, 21,600 doses of OCV vaccine were transported to Rasuwa district on 21 Bhadra 2083.

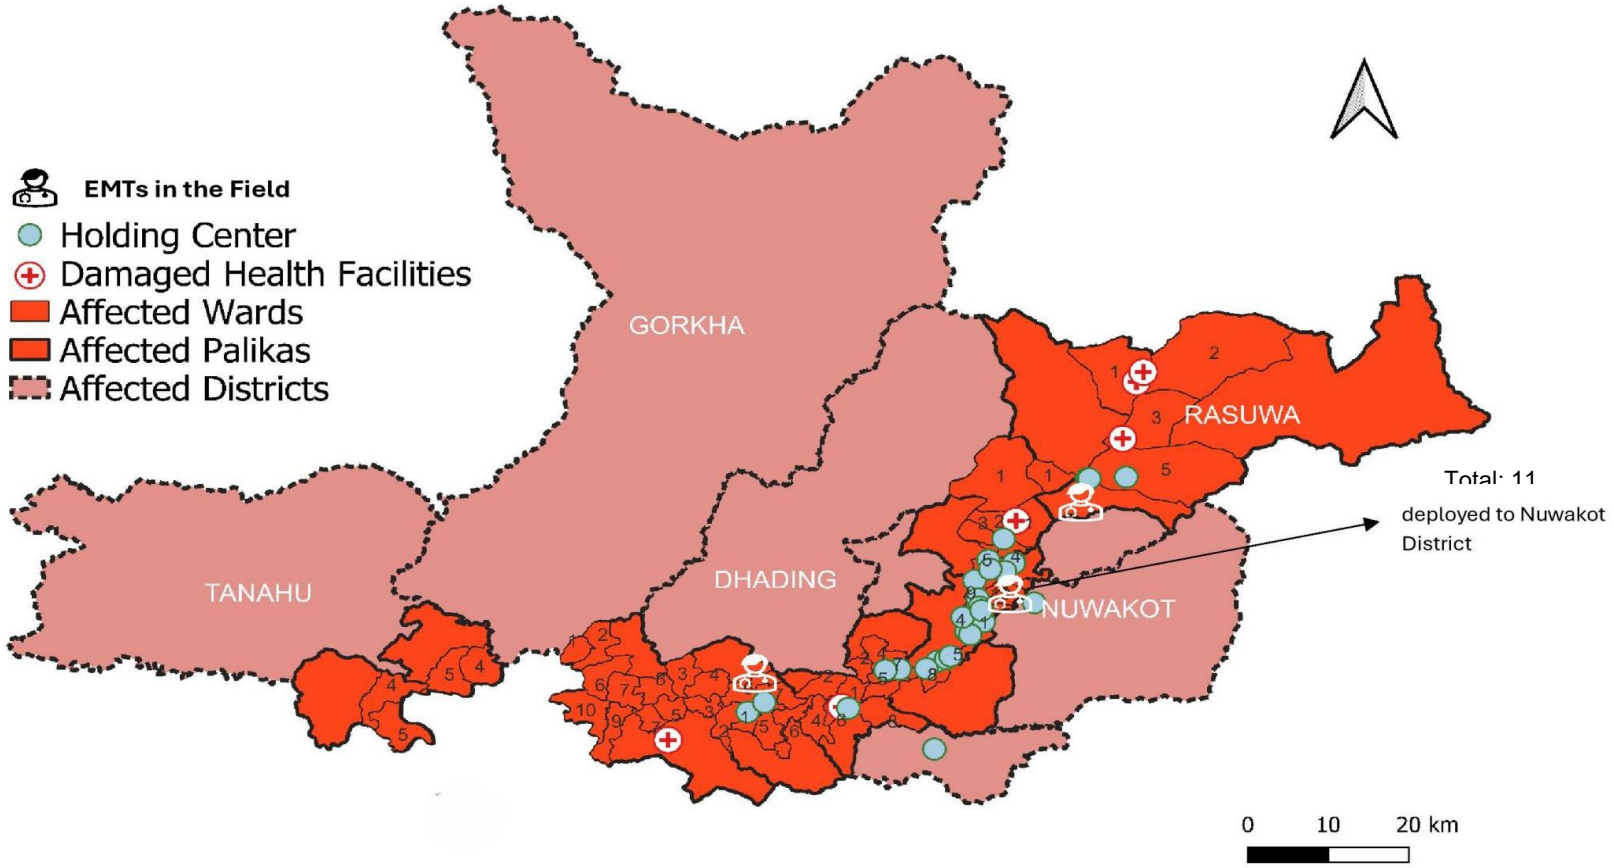

## 5. Post-Disaster Tuberculosis (TB) Response Activities

The National Tuberculosis Control Centre has dispatched 24,192 HRZE tablets, 60,480 HR tablets, and 9,408 HRE tablets to the District Health Office, Dhading, as per the district's first-quarter requisition form.
